SUMMARY

Frontend Developer with over 2 years of experience in React and React Native development for web and mobile applications, with hands-on experience in Firebase backend services and cloud infrastructure. Proficient in SharePoint integration and comfortable working in fast-paced environments while multitasking projects, meeting deadlines, and collaborating effectively within development teams. Actively expanding into full-stack development with backend technologies and modern deployment practices.

PROFESSIONAL EXPERIENCE

Sharepoint Administrator / Software Developer, MTO GCC | Tashkent, Uzbekistan

07 / 2023 - Present

- Architected and deployed 9 SharePoint SPFx applications using React and Microsoft Graph API
- Developed a user directory system with advanced filtering and profile management, supporting 200+ employees.
- Built an interactive office seating map with automatic desk location highlighting, reducing colleague search time.
- Created dynamic user profiles to showcase skills and languages, enhancing organization-wide collaboration.
- Strengthened REST API integration skills within Microsoft's ecosystem, building backend interaction expertise.
- Improved proficiency in React hooks, JavaScript fundamentals, and state management for efficient front-end development.

INDEPENDENT PROJECTS

Consulting Platform (<https://websmartcons.com>)

02 / 2024 – 10 / 2024

- Led front-end development with responsive Bootstrap 5 design, using modular components and Universal CSS.
- Integrated third-party JavaScript libraries (calendar systems, text editors) while exploring Django backend concepts (views, models, migrations).
- Collaborated in an agile team using Git/Bitbucket for efficient development cycles, version control, and code quality.

Bill Splitting Mobile App ([Play Store URL](#) / [AppStore URL](#))

10 / 2024 - 08/2025

- Built a React Native app with a 3-person team, currently in beta, leveraging Git, CI/CD, React-Reanimated, and i18n for enhanced functionality.
- Optimized performance bottlenecks with React DevTools, enhancing render cycles via strategic hook implementation.
- Implemented Zustand state management, reducing render times by ~50% with lazy loading and code splitting..

EDUCATION

University of London | London, UK

10/2022 - Present

Bachelor of Computer Science

TOOL & FRAMEWORKS EXPERTISE

Frontend: React || React Native || SharePoint || SPFx || Microsoft Graph API || Bootstrap || JavaScript/TypeScript || HTML/CSS || React Animated || Zustand

Backend & Cloud: Firebase (Auth, Firestore, Storage) || Node.js || Docker || RESTful APIs || Django

Development Tools: Git/Bitbucket || CI/CD || jQuery || TailWind || Figma || Vite || Firebase || Expo

LANGUAGES

- English (native) / Russian (advanced) / German(advanced)

ADDITIONAL INFORMATION & INTERESTS

- Experienced living in diverse cultural environments.
- Assistant Captain, hockey academy team, competing internationally across several countries.
- Enjoy reading and international travel.
